[About Nepalgunj Medical College Nepal](#)

Nepalgunj Medical College Nepal proves the recommendation of the Nepal Medical Council, National Medical Commission, Srilanka, and Medical Councils of SAARC and other countries. Nepalgunj Medical College was established in 1996. The college started the MBBS course in 1997, the Nursing program in 2000, and the Postgraduate MD/MS in 2007. The institute is enlisted in the World Directory of Medical Schools WHO. The colleges have their own two well-equipped teaching hospitals in two main cities of Banke district.

[Why Choose Nepalgunj Medical College Nepal](#)

Nepalgunj Medical College Nepal – Every individual should have equal access to health and education. This can be possible only when there are sufficient human resources and facilities in this sector. It is with this in mind, Nepalgunj Medical College (NGMC) has been established to produce qualified human resources as well as to provide quality health care to the People.

Nepalgunj Medical College is a place where we not only share the knowledge of saving lives but also try to inculcate in each student's mind his duty as a responsible health professional when they walk out of the college. Our efforts of producing a socially responsible health personality have come true and today, we are considered as one of the most respected and the largest medical institution of Nepal.

As such, we have our own infrastructure required to run a MBBS and post graduation in various specialties (MD, MS, PG) course in Medical education such as a full scale 750 bedded at kohalpur hospital and 250 bedded hospital at nepalgunj, hostel & boarding facilities, sports and extracurricular facilities, library & media facilities which demonstrates our commitment to develop a world class institution in Nepal.

Nepalgunj Medical College is managed by Lord Buddha Educational Academy Limited. This college attained permission from the Nepal government to act as private medical college in 1996 as a part of the medical condition development decision. The first batch of students was admitted in the year 1997 and got their degrees in 2002. Nepalgunj is the rural setting in Nepal where this private college is places. the tranquility of the place makes learning comfortable and easy.

Nepalgunj Medical College aims to work hard and attain status of deemed University in future. It tries to create human resources capable of contributing to the nation's development. They try to provide learning in medical subjects of global standards. This college maintains the mission of developing medical, dental, nursing and health institutions in the mid west and Far western regions of the country. They attempt to make learning possible among students who are left in underdeveloped areas. They try to make researchers, nurses and medical practitioners of high expertise and competence to tackle national and International health problems.
